MRS. JACOBSON'S LANGUAGE ARTS

This week in ELA, we will finish this quarter's Self Paced Learning work & begin our Informative unit.

Monday: Brain Strain Day #1 this week. Students will have the opportunity to work in their journals or take tests if still necessary.

Tuesday: Brain Strain Day #2 this week. I am giving students an extra Brain Strain Day in case any students have not paced themselves to meet their obligations well, & would not be able to complete the work Tuesday alone. This will be the only time this year that I will give students an extra day at the end of the 9 weeks to catch up on missing Self Paced Learning work. All SPL work- including assessments- is due by the end of the day Tuesday (10/4).

Wednesday- Friday: we will have a variety of activities related to informational reading. We will also make preparations for a special guest we will be hosting next Monday!

Congrats on being part of a DISTINGUISHED school family! Have a great week!
